

Haileybury

Notes from the Quad

Autumn 2025

Letter from The Master

Dear Reader,

I hope you had a restful and enjoyable summer. I am delighted to share some highlights and upcoming opportunities from across our Haileybury community.

This summer, we proudly delivered our third Hearts & Wings programme, a life-changing initiative made possible by the generosity of our supporters. A short video below captures some of its memorable moments.

This term's calendar is full of ways to reconnect, celebrate and be inspired, from a thought leadership event on AI, Drinks with the Master in Kazakhstan, and the Rackets Celebration Dinner, to a 10-Year Reunion and our much-loved Carols in London.

I am also sharing information on two of our key giving programmes: Friends of Haileybury, now focused solely on supporting bursaries, and The Oak Circle, which honours those leaving a legacy to the School. In December, we will launch our annual giving campaign in support of our outreach and partnership work.

It's the people who make Haileybury what it is, and we would love for you to stay involved, whether by joining us at an event, making a gift or visiting for a personal tour.

Thank you, as always, for being part of the Haileybury community.

With warmest wishes,

Eugene du Toit

The Master

Summer Restorations & Works

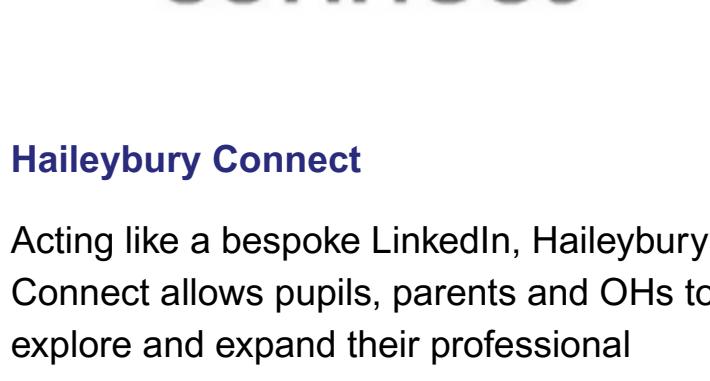

This summer we have undertaken eight individuals projects to further enhance our facilities and uphold the high standards that define Haileybury. Each project has been carefully considered to ensure that improvements support the needs of our community while remaining true to the rich heritage of our school. Particularly exciting developments include the renovation of our Library, enhancements to the Chapel, restoration work on the Bradby exterior, and the transformation of our Outdoor Education area. Hearts & Wings 2025

This summer we were delighted to welcome back Hearts & Wings for the third consecutive year. Our holidaymakers enjoyed a fabulous, fun-filled programme of activities, both on site and further afield.

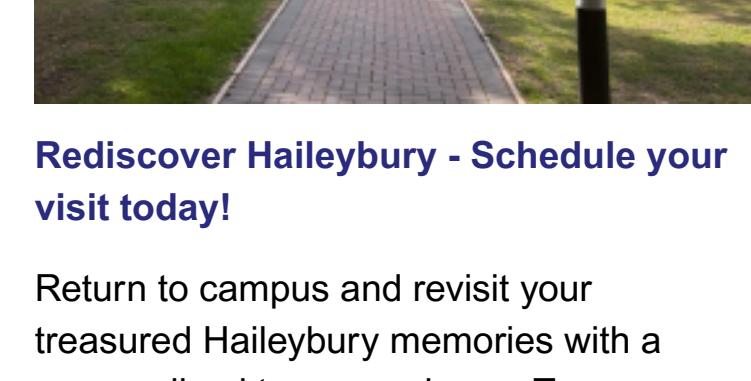

From fashion shows and pizza making, to zoo visits and high-ropes adventures, they truly embraced it all with energy and enthusiasm. It was a real pleasure to host them once again, and we are already looking forward to their return next year. You can watch a short highlights video capturing their memories [here](#).
