

# Notes from the Quad

Summer 2025

## Letter from the Director of Development and Engagement

Dear Reader,

As we step into the summer term, I am delighted to share with you a snapshot of the many exciting initiatives taking place across the Development and Engagement Office and the wider Haileybury community. We are a department full of momentum, and this edition of our newsletter is a reflection of just how much is happening.

I'm especially delighted to announce that the Library Project for The Master's Appeal will begin this summer. This exciting transformation will benefit generations of Haileyburians, and we look forward to celebrating its launch with you later in the year.

Our events calendar is full of opportunities to connect – from the prestigious Cricketer Cup, where the Haileybury Hermits represent us with pride, to a community reception in Hong Kong. Looking ahead to the autumn term, we're excited to host the annual 10 year reunion, Carols in London, and much more.

This term also sees a number of other opportunities to connect and support the School – through the Friends of Haileybury, sponsorship of our Vex Robotics Team, The Oak Circle and bespoke tours. If you haven't yet booked a tour, we warmly invite you to do so and experience first-hand the energy and ambition that define our School today.

Thank you, as ever, for being part of the Haileybury community.

With best wishes,

Amy Ledingham

Director of Development and Engagement

### Events

Please click [here](#) to see our calendar of events for the upcoming summer and autumn terms.

### Reconnect with Haileybury – Book your tour today!

Step back onto campus and relive your cherished memories of Haileybury with a personalised tour. To book your tour please click [here](#).

### The Oak Circle

Find out more about leaving a lasting legacy and help secure Haileybury's future [here](#).

### Community Celebrations

Hear more about some of our Community Celebrations that have occurred this term by clicking [here](#).

### VEX Robotics

As we continue to grow and expand our club, we are seeking collaborative partners who share our vision of advancing STEM education. Read more [here](#).

### Friends of Haileybury

Support today, shape tomorrow through our regular giving programme [here](#).

### Alumni Music

We have a variety of forthcoming opportunities for OHs with a passion for choral music and singing, notably Carols in London on 5 December 2025. To register your interest email [development@haileybury.com](mailto:development@haileybury.com)

### 30 Years of MUN

To commemorate 30 years of Model United Nations (MUN) at Haileybury, we were delighted to welcome back a range of Old Haileyburians for an exclusive behind-the-scenes MUN tour, hosted by Ollie Hirschfield (Edmonstone, 2009) and Andreas Payne (Kipling, 2005).

### Newton's Apple Tree Planting

This term we celebrated a historic moment, with the planting of a direct descendant of Sir Isaac Newton's famous apple tree in our Main Quad. A huge thank you to all of our supporters, read more [here](#).

### School Newsletter

Find out more about the highlights of our pupils' activities and achievements from the past week [here](#).
